

THE RIGHT EMPLOYEE RIGHT NOW AT NO COST

NATASHA – STRIKE FORCE SERVICES

Natasha is working and earning despite changes to her regular work

With a proactive attitude to the changes in her regular work situation, Natasha (pictured above) has achieved a positive outcome, finding additional employment to keep her busy and earning money.

When advised of the need to reduce the working hours in her usual Animal Attendant role that she is so passionate about, Natasha reached out to her MWLFS Case Manager for some support. Thinking outside the box and assessing her transferrable skills, Natasha found a cleaning job opportunity with Strike Force Services. After applying for the role and completing a successful interview and medical check, Natasha was notified that she got the job!

Natasha said she is keen to get working in her new role.

"I'm really excited about this," she said, "thanks so much for helping me with everything. [I] couldn't of done it without you."

FINDING THE RIGHT STAFF FOR LOCAL EMPLOYERS

Mai-Wel LabourForce Solutions, like many businesses, have been adapting our day to day operations over the last few months with one core goal in mind; meeting the needs of our job seekers and local employers. Although things may seem a little different, we are continuing to deliver services and recruit for local businesses in need of staff.

Lara Aged Care have accessed MWLFS services to find the right staff for their business over the last 5 years. Shaun (pictured right) is just one example of this, having gained employment at Lara Aged Care in a Customer Service Role earlier this year.

When asked what the highlight of using MWLFS services was, Jo, Director of the facility had some lovely feedback:

"Gaining staff that have the skills to match the needs of the facility and the great support for the new candidates from Mai-Wel makes the selection process so much easier. I have been able to recruit staff that have a genuine desire to come back into the workforce and have completed their education or re-education programs to match their interests."

Our Industry Specialists are so pleased to have assisted Lara Aged Care in finding the right employees for their needs and taking some of the pressure from COVID-19 off.
